Safety Measures When Alone

Temperature Monitoring: Make sure to have a pet temperature monitor on board to keep your pet cool and protected when you're not around.

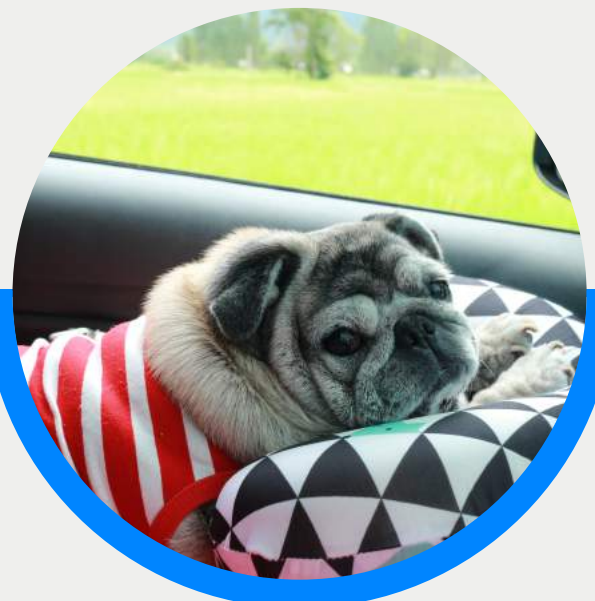

When Out Without Pets

Professional Care: Ensure your pet's safety with a trusted pet sitter taking care or keep an eye on them with a pet camera for real-time updates and peace of mind.

Post-Travel Adjustment

Cool Down & Routine: Set up a cool, quiet space for your pet to relax and get back into their routine after the journey.
