

Easter Hunt on the Way!

Are you busy hiding eggs all across your home for your fur kids?

Awesome!

Easter is a great time for humans. Organize an egg hunt for your dogs and kids together.

This gives them the time to bond with each other. But, while you are at it, make sure you organize a safe easter hunt for your dogs.

Do not use plastic eggs.

They crack up and can be extremely dangerous if your doggo is a fan of chewing. You may open the eggs for them.

Keep the leash on.

This will help you pull up if your dog is about to eat something that they shouldn't.

Avoid small eggs.

Make sure that your eggs are enormous. That way, they cannot swallow them.

Say no to chocolates.

This is a must do if you are organizing a common hunt for both your dog and your kids.

Use natural colors.

Make sure that the egg shells are coloured using non toxic dyes.

Happy Easter!
