

Hemp Hearts

The Superfood for Your Pups!

Hemp is the most nutritious superfood globally, the best-added supplement to your Furry Companion's Meal.

These super seeds contains

30% fat

3:1 Omega 6
to
Omega 3 fatty acids

Boost the nutritional value of any meal by simply sprinkling (1 tsp for every 10 kg of weight) the scrumptious goodness of Hemp Hearts on it.

Super Powers of Hemp

Nourished Skin & Shinier Coat

High linoleic acid = Increased shine. Relieves dry skin and lessens itchiness.

Reduced Shedding Process

Fido's fur on your furniture and clothes? Hemp has proven to reduce shedding in dogs.

Decreases inflammation

Say NO to painkillers! Hemp's omega-6 fatty acids have anti-inflammatory properties to reduce joint pain in Fido. It also keeps arthritis away!

Improves Fido's Heart Health

High Amino acids and Arginine levels. Increases blood flow to the heart and other organs. Keep your companion's heart strong.

Boosts Immunity & Reduces Aging

Hemp, a powerhouse of vital immune-building antioxidants like iron, magnesium, calcium, and zinc. Thus reducing the effects of aging.

Now you know the magical benefits of Hempt's Hearts and how it will bring a healthy change in your Fur-Kid's diet and lifestyle.

*Disclaimer: Before you include Hemp in your Fido's diet, please consult your Vet for precise details of portions!
