Outdoor-ready

Leaves her dog in the RV whenever she can't take him along.

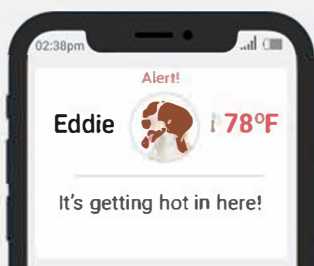

No one to monitor her dog in the RV so misses several must-see places along the way.

In the Know, On the Go

Gets instant alerts when her dog's environment temperature goes unsafe.

Has to rush back to the RV frequently to check if it's too hot or cold for her fur baby.

"Be Alerted, Not Alarmed."

2 days battery backup

Doesn't bother about unpredicted power losses because of the durable built-in battery.

Power loss becomes an extra burden when temperature monitoring is already a concern.

Real Peace of Mind

Enjoys shopping and dining with great peace of mind while she is away from her dog.

Unable to enjoy the outdoors by worrying about her dog's safety all day.

Smart pet parent

Becomes a responsible pet parent by protecting her dog from temperature-related illnesses by opening doors to technology.

Puts her dog at risk anytime to heat stroke and hypothermia.
