

"Peek-a-boo" Easter Egg hunts

Safety tips for ya fur baby!

Plastic eggs - No! No! No!

Your furbaby is a great chewer & a player! Eggs may crack up and can be dangerous if chewed.

Keep the Leash on - Yes! Yes! Yes!

Hold your fur babies with Waggle's leash! She might get excited about seeing the easter decors and other fur guests.

Small Eggs - Nah! Big Eggs - Yeh!

Make sure that your eggs are enormous. That way, your pooch cannot swallow them.

Chocolate treats? No way!

Never give chocolates as treat rewards. Rather, toss crunchy treats through Waggle Pet Treat Tossing.

Natural dyes? Yes! Yes!

Make sure that the eggshells are shaded using pet-friendly dyes.

Gift Waggle toys - Oh yeah!

Make some new Easter Pet games with Waggle's Squeaky Snuffle mat, Smart mouse racer & Auto Tennis ball launcher.
